Zachary was a sweet blessing to our family, from the moment he was born until the moment he was taken from us at just 14 months old. Through the pain and anguish of losing him, it has been our family's joy to "do good unto others" in Zachary's memory. We would be so honored if you would join us in this vision of keeping kindness and generosity a part of every day life. You have this card because you were a recipient of kindness.

Please take a moment to let us know how you were blessed. Record your thoughts @ [rememberingzacharyproject.com/heroes](http://rememberingzacharyproject.com/heroes) While you're there, read about Zach and how the people who love him are choosing to keep his memory alive.

You can choose how and when you will bless others but we ask that you pass this card along to them when you do.
